Bee Planet Connection — Summary
Date: 06 Oct 2025

Purpose:
A global, open hub for apiculture knowledge, tools, directory and discussion with environmental stewa

Structure:
Home · Wiki · Tools · Directory · Forum · Blog · About · Contact

Deliverables in this bundle:
- Static HTML pages under /site (with header/footer includes)
- JSON data: taxonomy.json, az-index.json, tags.json, directory.json
- Markdown editorial seed: /outputs/pages.md

Notes:
- Use your GitHub Action to expand partials and deploy Pages.
- Directory cards are powered by /js/directory.js already scaffolded in your repo.
- Update copy anytime by editing the HTML/MD/JSON files.
